

Grading Scale:

A = 90 - 100

B = 80 - 89

C = 70 - 79

D = 60 - 69

F = 59 and below

**Assignment/Homework Policy:**

All assignments in class and sent home should be completed to the best of the student's ability. The teacher is here to help students become academically successful, meaning we need to know what the student knows and doesn't know. Therefore, the students should attempt to complete assignments independently. The students are also expected to read and practice math skills nightly, even when an assignment has not been given.

What will students learn this year?**Reading:**

- Ask and answer questions about key details in a story and demonstrate understanding of their central message or lesson.
- Distinguish long from short vowel sounds in spoken single-syllable words
- Describe characters, settings, and major events in a story, using key details.
- Decode regularly spelled one-syllable words.
- identify main idea
- identify who is the narrator
- use end punctuation for sentences
- determine the meaning of unknown words and phrases
- Identify words and phrases in stories or poems that suggest feelings or appeal to the senses.

**Math:**

- Count to 150, starting at any number less than 150
- Read and write numbers, and represent a number of objects with a numeral, to 100
- Compare two-digit numbers based on the value of the tens and ones digits, recording the results of comparisons with the symbols $<$, $>$, and $=$
- Use concrete models and drawings, strategies based on place value, properties of operations, and explaining the reasoning used, add, within 100, in the following situations: a two-digit number and a one-digit number
- A two-digit number and a multiple of 10

**Language Arts (continued):**
