- violates the school system's dress code developed by the superintendent and adopted in accordance with this policy and publicized by each school;
- is substantially disruptive;
- is provocative or obscene; or
- endangers the health or safety of the student or others.

A. Student Dress Code

The board requests that parents outfit their children in clothing that is conducive to learning and displays good judgment as it relates to age, developmental stages, and body type. Driver's License Eligibility

For more information, please visit
<http://www.ncpublicschools.org/curriculum/driver-ed/faq>

What is a Driving Eligibility Certificate?

A Driving Eligibility Certificate is used to verify that a student is meeting academic and enrollment expectations for the state of North Carolina and therefore in combination with the other requirements outlined in § 20-11 (d) (1), (2), and (3) may obtain either a limited driver's learner's permit or a provisional (limited or full) driver's license.

How long is a Driving Eligibility Certificate valid?

The Driving Eligibility Certificate is valid for 30 days. § 20-11(n) (3)

Who needs a Driving Eligibility Certificate?

A person under age 18 seeking a driver's learner's permit or provisional driver's license needs a Driving Eligibility Certificate. A person over age 18 may also need a Driving Eligibility Certificate if the Driving Eligibility Certificate was revoked prior to age 18 due to disciplinary action during high school or community college. § 20-11(n) (1)

How does a minor enrolled in a public school within North Carolina, obtain a Driving Eligibility Certificate?

Upon successful completion of a Driver Education program, the student may obtain a Driving Eligibility Certificate from the school once adequate academic progress (pass at least 70% of the maximum of possible courses each semester and meet promotion standards established by the LEA) 16 NCAC 06E.0301 has been verified by the school.

Why would a Driving Eligibility Certificate be revoked?

There are three reasons why a Driver Eligibility Certificate could be revoked.

- **DROPPING OUT OF SCHOOL PRIOR TO AGE 18**
As of August 1, 1998, any public, private, federal, home-schooled, or community college student under age 18 who does not make adequate academic progress or drops out of school will have their driving permit or provisional license revoked. (§ 20-11)

Under the Dropout Prevention Guidelines, a dropout student is one who has withdrawn from school before the end of the academic term and whose enrollment in an educational setting cannot be verified for 30 days. Parents should be notified in writing that the student's Driver Eligibility Certificate will be revoked. Parents may submit a hardship request to the principal or principal's designee to maintain the student's Driving Eligibility status.

- **DISCIPLINARY ACTION**
Disciplinary action includes an expulsion, a suspension for more than 10 consecutive days, or an assignment to an alternative educational setting for more than 10 consecutive days. (§ 20-11(n1))

Under the Lose Control/Lose License guidelines, the Driving Eligibility Certificate is revoked for one year. Unlike the Dropout Prevention guidelines that end when a student turns age 18, the revocation of a Driving Eligibility Certificate for disciplinary action can extend beyond age 18 if the disciplinary action took place during the time the student was age 17.

- **NOT MAKING ADEQUATE ACADEMIC PROGRESS**

At the end of each semester, students not passing 75% of the maximum possible courses are identified. Parents are notified that the student is not making adequate academic progress and have the option of submitting a hardship request to the principal or principal's designee to maintain the student's Driving Eligibility status.

Example 1	Example 2
A student on the 4x4 block passes two courses during the first semester. The Division of Motor Vehicles will be notified at the end of the first semester and will revoke the student's permit or license. If the student is able to pass at least 3 courses during the second semester, a Driving Eligibility Certificate will be issued to the student.	A student on the traditional 6 period day has passing grades in 5 classes the first semester, but only passes 4 classes for the entire year. At the end of the school year, the Division of Motor Vehicles will be notified and will revoke the student's permit/license.

Example 3
A student on the 4x4 block passes four courses for the first semester, but only passes two courses in the second semester. At the end of the school semester the Division of Motor Vehicles will be notified and will revoke the student's permit/license. A Driving Eligibility Certificate can be issued to the student: A. At the end of summer school upon passing one course, or B. At the end of the first semester of the next school year upon passing at least three classes.

What constitutes a hardship request to receive a Driving Eligibility Certificate?

The school principal or principal's designee may determine specific circumstances that constitute a hardship thereby allowing a student to receive a Driving Eligibility Certificate. A hardship is defined as "a demonstrable burden on the student or the student's family..."

16 NCAC 06E.0301 (c) (3)

How does the Driving Eligibility Certificate become reinstated? *

Under the "Lose Control/Lose License" § 20-11 (n1) (1) statute, the Driving Eligibility Certificate is reinstated one year after the disciplinary action occurred.

However, if the local education agency determines the student displayed exemplary behavior and is attending school, a student may be eligible for the Driving Eligibility Certificate six months after the ineligibility occurred. § 20-11 (n1) (2), (3), (4)

Furthermore, if the school administrator determines the student has exhausted all administrative

appeals related to the disciplinary action and needs the certificate to drive to and from school, a drug or alcohol treatment counseling program, as appropriate, or a mental health treatment program, and no other transportation is available, the student is eligible for a Driving Eligibility Certificate. § 20-11 (n1) (3)

What is the appeal process for the revocation of the Driving Eligibility Certificate?

The local education agency (school, school district, school board) determines the process by which decisions concerning the issuance of a driving eligibility certificate shall be appealed.

16 NCAC 06E.0301 (d)

How do technical errors regarding Driving Eligibility Certificates from local public schools become resolved?

Public schools should work with their central office coordinator and the help desk at DPI. Send an email to: dpi.incidents@its.nc.gov and type in DEC Correction in the subject box.

* **NOTE:** To reinstate driving privileges, the DMV must have electronic confirmation from the child's private school, public school, community college, or for homeschool students-the Division of Non Public Education, as well as the paper DEC when the child and parent/guardian visit the local DMV office. DMV may also charge a restoration fee

Regulations and General Information

After-School Activities

Students are to leave campus after school unless they are involved in athletics or extra-curricular activities under the supervision of a teacher. All students not under the direct supervision of a teacher or staff member are to leave campus by 3:30pm.

Athletic Eligibility Policy

Students may not participate if he/she becomes 19 years of age on or before August 31. Students must be in attendance 85% of the time. Students cannot miss more than 13.5 days in the previous 90-day semester. This includes all absences, excused and unexcused. Attendance is regulated by local LEA policy in terms of length of day required to be counted in attendance. Local attendance policy may be more stringent in terms of counting/earning credit for courses.

Academics: The student must pass a minimum load of course work the previous semester to be eligible at any time during the semester. Any student, including seniors, must also pass the minimum load even if they need fewer courses for graduation. All students must also meet local promotion standards, set by the L.E.A. and/or local school. Courses must be approved for credit, (i.e., audited courses would not count). Minimum load is defined as five (5) courses in the traditional school schedule. Minimum load is defined as three (3) courses on the traditional 90 minute “block” schedule. This applies to all student athletes, including seniors. No work previously passed by a student may be submitted as part of a minimum load. Summer school work used to make up part of the minimum load must be applied to the most recent semester. Credit for summer school work is the determination of the local unit. If a student is not eligible at the beginning of the semester, he/she is not eligible at any time during the semester.

Exception: A student who receives an incomplete or is awaiting a final grade due to EOC retesting or any other state mandated testing, which causes him/her to fail to meet minimum scholastic requirements, is ineligible until the course is satisfactorily completed. Eligibility is restored immediately.

Enrollment/Residence: The student must be a regularly enrolled member of the school’s student body. Students must participate at the school to which he/she is assigned by the local board of education. School assignment is based on the residence of the parent or legal custodian (court ordered custody, not guardianship) within the administrative unit. Students must live with the parents or legal custodian. A “legal custodian” is a person or agency awarded legal, court-ordered custody of a child. A student may not have two residences for eligibility purposes. In order for a change of residence to be bona fide, at least the following facts must exist:

a. The original residence must be abandoned as a residence; that is sold, rented or disposed of as a residence and must not be used as a residence by any member of the family.

b. The entire family must make the change and take with them the household goods and furniture appropriate to the circumstances. The change must be made with the intent that the move is permanent.

Transfers within the same administrative unit may be governed by the local board of education. A student transferred from one administrative unit to another by mutual agreement is immediately eligible for athletic participation in the receiving unit, if eligible in all other respects. A student must be properly enrolled at the member school no later than the 15th day of the present semester, and must be in regular attendance at that school. No student may participate at a secondary school in the same sport season except in the event of a bona fide change of residence of the parent(s) or legal custodian. Change of schools must be contemporaneous with change of residence. A student is eligible at their assigned school if he/she attended school within that administrative unit the previous two (2) semesters, provided it meets LEA policy.

NCHSAA Regulations: Falsification of information in terms of eligibility will result in the student athlete(s) being declared ineligible for a period of 365 days from the point of notification to the NCHSAA. Student athletes will be prohibited from involvement in all athletic-related activity for the 180-day school year and any school-sponsored activity(s) during the summer. A student must receive a medical examination once every 365 days by a duly licensed physician, nurse practitioner, or physician's assistant. Students absent from athletic practice for five or more days due to illness or injury shall receive a medical release by a physician licensed to practice medicine before re-admittance to practice or contests. No student may be eligible to participate at the high school level for a period lasting longer than eight (8) consecutive semesters, beginning with the student's first entry into ninth grade or an over-aged seventh or eighth grade student's

participation on a high school team, whichever occurs first. No student may participate at the high school level for more than four (4) seasons in a sport (one season per year, i.e., A student could not play fall women's soccer in one state and then play NCHSAA women's soccer in the spring). **A student must not be convicted of a felony in this or any other state, or be adjudicated as a delinquent for an offense that would be a felony if committed by an adult in this or any other state.**

A student may not play, practice or be on the roster if ineligible. This does not apply to summer workouts, but the student should be enrolled in your school. Managers, statisticians, etc. do not have to meet NCHSAA eligibility standards. There shall be no Sunday practice in any sport. This includes the assembling of athletic squads (full teams or selected individuals) for purposes of viewing films, chalk talks, or other materials pertaining to the coaching of the team. A student may not dress for a game or scrimmage when he/she is not eligible to participate in the game. If serving an "ejection", a student may be in the bench area but may not be in uniform. If ejected, the coach may not be on the premises during the contest and is not allowed to communicate with the coaches/team during the contest. To maintain amateur status, a student must not accept money or awards having utilitarian value (golf balls, clubs, tennis rackets, etc.) for participation in athletics. A student may accept an award (gift certificate/food coupon), each sport season, that

does not exceed a value of \$20.00. A student must not have signed a professional contract or played on a junior college/community college team.

Tobacco Products, Alcoholic Beverages and Controlled Substances at Game Site:

“Participants, coaches, and other team representatives and game officials, including chain crew, official scorers and timers, should not use any tobacco product, alcoholic beverage or controlled substance at a game site; violation of the policy will be disqualification from the contest.”

Southeast Collegiate Prep Academy Requirements: Each coach must sign off on the eligibility summary form that is signed by the principal and/or athletics director. Master Eligibility sheets are to be shared with each member school of your conference for each sport program. A mandatory parent/guardian meeting must be held to have the parent sign the parental permission form to acknowledge eligibility and sportsmanship policies/expectations have been reviewed.

Sports Medicine: Concussion – Southeast Collegiate Prep Academy athletes should **NEVER** return to play on the day they suffer a concussion. Returning an athlete to play before complete resolution of symptoms can lead to recurrent concussion, prolonged post-concussion symptoms, OR even ‘Second Impact Syndrome’ (which is often fatal). Per the “Gfeller-Waller Concussion Law,” an athlete with suspected concussion cannot return to play until he/she is cleared by a licensed medical physician. The Return to Play Form must be presented prior to practicing and/or playing again. Athletes, parents, coaches and all involved with the program must receive education regarding signs and symptoms of concussion. All must sign a form indicating the education session has been conducted. All schools must develop and post an Emergency Action Plan (EAP).

Note: This information, along with the other concerns, i.e. neck injuries, heat illness, skin infections, and necessary forms are available on NCHSAA web site:

Attendance

When a student must miss school, a written excuse signed by a parent or guardian must be presented to the student’s teachers on the day the student returns after an absence. This should be signed by all teachers and returned to the Data Manager at the end of the day. An absence may be excused for any of the following reasons noted in HCS Student Policy Code 4400. Unless otherwise required by state law, all students must attend a minimum of 160 school days per school year to be eligible for promotion or credit for a year-long course or 80 school days to receive credit for a semester course. Any of the following excused absences will not count as absences for the purposes of meeting this minimum requirement:

- a. Observance of an event required or suggested by the religion of the student or the student’s parent(s) with written approval from the principal;
- b. Isolation ordered by the State Board of Health;
- c. Illness or injury that makes the student physically unable to attend school that is confirmed by a doctor’s statement;

- d. Court or administrative proceedings where the student is a party to the action or is under subpoena as a witness in a court proceeding; and
- e. Death in the immediate family, including individuals in the student's household (for absences up to five days).

If a student accumulates ten or more unexcused absences in a semester, the principal or a committee established by the principal shall consider whether the student will receive an "F" (a failing grade) because of the absence. The principal or committee shall review other measures of academic achievement, the circumstances of the absences, the number of absences, and the extent to which the student completed missed work and/or attended "recovery."

Suspension days count as excused absences. Missed work must be made up within five days of return. Please see HCS Student Policy Code 4400 for more details on student attendance.

Bathroom Policy

To maximize instruction, students are allowed to leave class to use the bathroom only when absolutely necessary. Students with medical needs requiring excessive bathroom use must bring a note certified by a physician. Students may also leave class when called to the office by administration, for emergency situations, parent pick-up, and when sent by the teacher only with a pass. **Students may not run errands for teachers such as making copies.** Students are expected to follow the 30/30/30 rule: Students cannot exit the class 30 minutes after it begins and 30 minutes before it ends.

School Property

The student shall pay for the loss, destruction, or defacement of school property (i.e. Nooks, calculators, gym equipment, chromebooks, etc.). Other disciplinary action may also be taken. Charges may be filed for destruction of school property. Students will not receive their report card, diploma or participate in any extracurricular activity if fees are owed to the school.

Bus Transportation

School bus transportation is a service provided to aid students in getting to and from school. All students who ride a bus are subject to regulations. Any misbehavior which distracts the driver is a very serious violation and jeopardizes the safety of everyone. The bus driver is subject to the direction of the principal and shall have complete authority and responsibility for the operation of the bus and the maintenance of good conduct on the bus. Riding the bus is a privilege. Improper conduct on a bus will result in the privilege being denied. The following behaviors are considered inappropriate on a school bus:

- Abusing the driver or students physically or verbally,
- Failure to remain seated,
- Fighting,
- Lighting of matches or other flammable materials,
- Profanity,
- Refusing to obey the driver,
- Throwing objects,

- Vandalism (i.e. cutting seats, drawing on seats, etc.), and
- Use or possession of tobacco, drugs or alcohol or any banned material or substance.

Buses will depart from the campus of Southeast Collegiate Prep Academy daily at 3:22pm. All doors will be closed and drivers will begin routes. Students wishing to ride another bus must bring a written request signed by a parent/guardian to the assistant principal before 11:40 am and have the request approved prior to riding another bus in the morning or afternoon. Calls from parents will not be accepted to replace a written note.

Checking In and Checking Out

Per HCS Board Policy Code 4210, students are encouraged to remain in school for the entire school day. However, in the event that a student must be released before the end of the school day, the safety of the student is a paramount concern of the board and school system. If a student has an emergency and must leave school, he/she shall *REPORT TO THE OFFICE FOR PERMISSION AFTER RECEIVING A PASS FROM THE TEACHER*.

The student's parent, legal guardian or parent's representative must sign the student out before release of the student to that individual. The principal or designee shall make reasonable efforts to verify that any person appearing at a school and requesting permission to take a student from the school is properly identified before the student is released. Except in the most extreme circumstances, custody of a student shall not be relinquished to any person without the prior written approval of the parent or guardian who has physical custody of the student. However, if the parents are divorced or separated, the student may be released to either parent, unless the principal has been provided with a copy of a court order or agreement that specifies otherwise. If the principal or designee judges that the student's health or safety may be harmed by releasing the student, the principal shall contact law enforcement and/or the department of social services as appropriate. In order for the student to return to school on the same day, a physician's note or the accompaniment of a parent is required. This policy does not apply to the release of students who work and report to a job prior to the end of the school day as part of their course work.

Students must be present on campus for two class blocks to be considered present for the entire school day. Leaving school without authorization will result in suspension and/or loss of parking privileges.

Conferences with Administrators and Teachers

Administrators and teachers are pleased to meet with parents and guardians. Please contact the person you wish to meet prior to arriving on campus to schedule an appointment. Administrators are not available to meet during the hours of 8:00am – 3:30pm except in cases of extreme emergency. Parents and guardians should not expect teachers to be available for meetings during instructional time.

Electronic Devices

It is recognized that cellular phones and other wireless communication devices (iPods, iPads, etc.) have become an important tool through which parents communicate with their children. Therefore, students are permitted to possess such devices on school property as long as the devices are not activated, used, displayed or visible during the instructional day or as otherwise directed by school rules or school personnel. Wireless communication devices include, but are not limited to, cellular phones, electronic devices with internet capability, two-way radios and similar devices. Southeast Collegiate Prep Academy administrators may authorize individual students to use wireless communication devices for personal purposes when there is a reasonable need for such communication. The administration may authorize the usage of a cellular phone or other electronic devices provided the teacher has filled out the request usage of electronic device form. This usage will be for a class period ONLY and for a specific period of time. The use of cellular phones and other wireless communication devices may be prohibited on school buses when noise from such devices interferes with the safe operation of the buses.

Students are personally and solely responsible for the security of their wireless communication devices and personal items. The school system is not responsible for the theft, loss or damage of a cellular phone or other personal wireless communication devices. School employees may immediately confiscate any wireless communication devices that are on, used, displayed, or visible in violation of this policy. Upon confiscation, the teacher is required to place the electronic device in an envelope and provide it to an administrator. The administrator may return the communicative device to the student's parent at the end of the school day. If a student continues to violate this procedure after three parental visits, the communicative device will no longer be allowed on campus. Students who refuse to give a cell phone to a teacher or administrator when asked may be subject to disciplinary action. Please review HCS Board Policy Code 4318 for more information.

Field Trips

Classroom teachers, coaches, or other staff members may arrange field trips for educational or athletic purposes. Parents/guardians must sign field trip permission forms for each trip. Students attending off campus events or field trips, including the Senior Grad Bash, **must make up missed assignments within two days**, as they have not been counted absent. It is the student's responsibility to obtain missed assignments and make up missed work.

Flower and Balloon Delivery

There will be no flowers or balloon delivery from 8:00am – 3:15pm; this includes personal delivery items for birthdays, holidays or special occasions, without written permission from administration. **Students will not be allowed to bring these items on the bus to give away at school.**

Food and Drink

Food and beverages are not to be possessed or consumed in hallways, classrooms, or on school buses unless so authorized. Students should not be in the hallways during lunch without proper authorization. **All lunchroom food will be consumed in the cafeteria. Commercial food is not permitted in school. All students will receive free breakfast and lunch for the 2022-2023 school year.** Southeast Collegiate Prep Academy believes that children and youth who begin each day as healthy individuals can learn more and learn better and are more likely to complete their formal education. Therefore follow the food guidelines provided by the Child Nutrition Program as a part of the National School Lunch Program. State law requires that competitive foods, meals from outside food establishments, may not be brought onto campus to students for breakfast, lunch, or during the school day unless it is for a classroom event or celebration and may not be served until after the last school lunch period. Students may bring their breakfast and lunch as long as it is packed from home. Further, no carbonated drinks will be allowed to be brought onto campus for consumption by students during breakfast, lunch, or during the school day, unless it is for a class event or celebration. Carbonated drinks cannot be consumed until after the last student lunch period.

Parent/Guardian Classroom Visits

Who May Visit: The right to observe a child's instructional program during classroom time resides solely with a child's parent, legal guardian, or foster parent and does not extend to grandparents, other interested close relatives, or caregivers.

Who May Be Observed: The sole purpose of a classroom visit by a parent is to observe their students and the instructional program being presented. At no time should a parent's motive for or focus of a classroom visit be to observe another student or students in the classroom. If the Principal has knowledge of or suspects that the focus of a parent's classroom visit is to observe another student, he/she reserves the right to deny a requested visit or to end a visit in progress.

Scheduling: Visits must be scheduled through the Principal for a time and date convenient to both the parent and the teacher. The parental observation date shall be within a reasonable time frame following the initial request. A request for a specific date must be made no less than 48 hours in advance. No visits will be allowed while students are participating in assessments, quizzes or tests.

Duration: To minimize potential interruptions and distractions during instructional time, the Principal reserves the right to limit the duration of classroom observations.

Conduct During Classroom Visitation: Parents visiting classrooms should arrange their schedules to enter and exit the classroom in a manner that would not interrupt the instructional activities in progress. While visiting the class, the teacher will designate an area for parents to sit, generally in the back of the classroom. (Parents are asked NOT to sit with their students as this could create an unnecessary disruption for other students.) Once in the classroom and seated, parents are asked to remain seated and refrain from interacting with students or the teacher unless the classroom teacher initiates the interaction. Unnecessary noise and /or movement must be kept to a minimum.

Parents wishing to discuss their students' behavior after observing him/her during class should schedule a parent conference with the teacher. Parents who fail to observe the stated guidelines during their visit may be asked to leave the room if their presence or conduct unduly interferes with the orderly operation of the classroom. Any concerns or complaints may be addressed directly to the classroom teacher after regular school hours or to the Principal.

No Audio or Video Taping of Classroom: Video and/or audio recording of classroom visits by the parent or guardian is prohibited. Electronic devices which could be used to video or audio record should not be visible during the visit. Violation of this guideline can result in dismissal from the classroom visit, and/or school site.

School Administration: In certain cases, the Principal or his/her designee may also be in the room during the parent observation to protect the learning environment for all students.

OUR VISION OF SUCCESS BEGINS TODAY!

Graduation Requirements

Students at Southeast Collegiate Prep Academy must fulfill the requirements of the Future-Ready Core Course of Study, unless they are approved for the Future-Ready Occupational Course of Study. All students must complete 28 credits and the required Graduation Project (PBL) to graduate from high school. More information about the graduation project can be found in the Graduation Project Handbook, and on our school website. Coursework successfully completed by students in grades 9-12 in regular and summer programs of accredited private or public secondary schools may be used to satisfy any of the requirements of this policy. In addition, coursework successfully completed by students in grades 9-12 at post-secondary institutions or through other non-traditional programs may be used to satisfy graduation requirements as provided in policy 3101, Concurrent Enrollment and Other Curriculum Expansions. See NC Graduation Requirements for more information: <http://www.ncpublicschools.org/gradrequirements>.

There will be a summer graduation for any students who need additional credits and hours to graduate

Hall Passes

Students are not permitted in any hallway except the hall in which their class is located, unless they have an appropriate hall pass signed by his/her teacher or an administrator.

Honor Code

Southeast Collegiate Prep Academy supports student adherence to the student **Honor Code** regarding the merits of ethical behavior and fair play. Cheating on exams or other academic work will not be tolerated and will lead to serious repercussions for students. Any honor code violation will result in disqualification from the National Honor Society (if applicable).

The Student Honor Code states the following:

"I will not cheat or help others cheat; will take pride in my school and how I represent it; and will be responsible for my actions. I understand that violating this honor code compromises my self-respect. I will follow this honor code and help others do the same."

Consequences for Honor Code Violations:

1st Offense: Parent Contact; debrief on Honor Code

2nd Offense: Zero on the assignment; parent conference required; make up work with half credit

3rd Offense: 3 days OSS; zero grade.

Inclement Weather

In the event of closing or early dismissal due to weather or other events, listen to local radio and TV stations for details. An “alert-now” may also be broadcast by the central office to inform families in Halifax County. The closing and early dismissals of students are the decision of the superintendent or his/her designee, not the principal..

Illness

If a student becomes ill at school, he/she should advise his/her teacher prior to going to the office, where his parents/guardian will be contacted. Students remaining out of class during a classroom period without permission will receive an unexcused absence. If the illness is abrupt, the nearest faculty member should be notified. Checking out of school should be done only when it is an absolute necessity. Checking out should always be done through the office and with permission from a parent.

Late Arrivals/Tardies

- Students arriving at school late – any time after 8:00am – must report to the main office for a pass to class. All parents should sign their child upon dropping them off.
- Any student arriving late to class will receive a tardy in that class and must sign the tardy log.
- Receiving three tardies will automatically have the student’s name on the “Do Not Admit” List for school activities and events.
- Students who drive to school and consistently arrive late to school will have their on campus driving privileges revoked for a period of time determined by administration.
- Teachers are required to maintain a tardy log for each class. All teachers are required to maintain the logs and issue referrals when necessary.

Students with excessive tardies to class will be subject to disciplinary action, which may include **Lunch Detention**, Academic/Attitude Redirection Center/In School Suspension, and loss of driving privileges.

Lost & Found

Students who find articles of value should turn the articles in to the administrative office. Students who lose articles should report the loss to the school receptionist. **DO NOT LEAVE MONEY OR VALUABLES IN CLASSROOMS, DESKS, OR LOCKERS. The school is not responsible for lost or stolen items (i.e. cell phones, iPods, money, jewelry, etc.).**

Lunch

The Halifax County Board of Education policy calls for a closed lunch period. This means that students at Southeast Collegiate Prep Academy cannot leave school to go anywhere and eat lunch or receive outside lunches. Leaving campus without authorization will result in suspension and the loss of driving privileges.

Medicine

It is recognized that students may need to take medication during school hours. School personnel may administer drugs or medication prescribed by a healthcare practitioner upon the written request of the parents. This includes over-the-counter medications. To minimize disruptions to the school day, medicines should be taken at home rather than at school whenever feasible. Parents/guardians of students with acute or chronic healthcare issues who need to possess and self-administer medicine on school property must provide appropriate documentation to Mrs. Teresa Boyd, School Nurse. Please review HCS Policy Code 6125.

Missed Assignments & Work

When absences create a need for work to be made up for credit, it is the responsibility of the student to arrange immediately with the teacher a reasonable timetable for making up the work. In the majority of cases, work should be made up within five school days.

Off-Limit Areas

The following areas are off limits to students during the school day:

- Parking lots/bus lot;
- Driveways around the school;

3. Parking placards are available after the registration has been completed. The student will complete the appropriate parking permit application.

Guidelines for Display of Parking Decals

1. All cars driven by students must be registered.
2. Decals may not be switched from one car to another.
3. Decals are to be displayed on the window or bumper (as designed by an administrator).

Having prohibited items in vehicles on school premises will result in severe consequences as determined by an administrator (i.e., guns, knives, bombs, products for constructing bombs, alcoholic beverages, tobacco products, illicit drugs, pornographic materials, drug paraphernalia, etc.). Students must abide by the rules and regulations governing students parking on campus.

Cars parked on the school grounds may be searched by school officials at any time. This includes any car driven or parked on campus by any person.

Small children should not be on campus without an adult. If parents/guardians would like to observe their child's classroom, they must make an appointment with the teacher (pre-approved by administration).
