

ASIGL NEWSFLASH!

The Scoop

Hello Hornet Family!! This is the first of the monthly Hornet Staff Newsletters! Here you will find reminders, resources, and celebrations for the good things that are happening at ASIGL!

We Are Global Educators!

Globally competent teachers demonstrate the following characteristics and guide their students to do the same:

- Investigate the world beyond their immediate environment, framing significant problems and conducting well-crafted and age-appropriate research;
- Recognize perspectives, others' and their own, articulating and explaining such perspectives thoughtfully and respectfully.
- Communicate ideas effectively with diverse audiences, bridging geographic, linguistic, ideological, and cultural barriers; and
- Take action to improve conditions, viewing themselves as players in the world and participating reflectively.

Here are a couple of Global Resources

1. ePals : provides project-based collaboration on a variety of topics and has classrooms in 200 countries and territories.
2. Project Explorer: offers free multimedia content and lesson plans that improve students' global awareness and cross-cultural understanding

Reminders

Lesson Plans: Lesson plans should be completed and uploaded to the google drive the Friday before the upcoming week. Be sure to click into Team Drive to post them in your grade level folder. All sub plans are due by Friday (9/21/18).

Reading 3D: Testing continues this week. Please remember to test daily so that we can have results as soon as possible and meet all deadlines.

Action Based Learning (ABL) - Don't forget to include ABL in your classroom activities with the students. Get them up and get them moving, interacting, and collaborating!

Global Learning - Be sure that you are including content from your region of study into your lesson plans as well.

UP TO DATE NEWS!
