Dear American History I Teacher:

Congratulations on your course assignment! The Halifax County Schools American History I Pacing Guide is aligned to the NC Essential Standard Course of Social Studies Standards. *Standards are paced in nine weeks within quarters. Numbers indicate which quarter each standard is to be taught. An X indicates not taught. You will need to cluster standards within the quarter into two-week units of study.* Developing conceptual understanding of the American History I content is essential; therefore, *the ninth week within each quarter* is to provide further data-driven remediation of standards prior to the benchmark assessment. A well-planned American History I unit provides opportunities for inquiry, research and use of technological enhancements. When planning units/lessons, provide opportunities for students to engage in "project-based" learning activities that unwrap the knowledge, understanding, interest and application of the content.
