Dear Supporter,

The Summer Food Service Program (SFSP) was created by the federal government as a summer feeding alternative for schools that already participate in school meal programs and wish to continue meal service into the summer. Summer meals ensure that children in low-income areas will continue to receive nutritious meals during long school vacations, when they do not have access to school lunch or breakfast. The Halifax County School Nutrition Program would like to assist you in serving the students of Halifax County this summer by being your source for healthy nutritious meals.

The Halifax County Schools 2019 Summer Meals Program kicks off on June 17th and will end on August 2nd. If you are interested in receiving meals for your group or organization this summer please contact us at 252-583-5111 ext. 257 or 252-583-1309 Halifax County School Nutrition office. We have scheduled training for May 23, 2019 at 2:00 p.m. **all interested in the summer feeding program must be in attendance.** We look forward to your participation and your support in feeding the children of Halifax County.
