Halifax County, NC – September 7, 2022

*Southeast Trojans Football Team Volunteer's During Community Event*

### Southeast Trojans Football Team Volunteers During Community Event

The Choanoke Area Development Association (CADA) held an impactful drive-thru community resource fair. The resource fair was an excellent opportunity for families to receive fresh produce, gas cards, household items, masks, school supplies, and much more! Halifax County Schools are proud of the Southeast Collegiate Prep Academy (SCPA) football team's contributions during this event.

Superintendent Dr. Eric Cunningham states, "Giving back to your community is so important, and I am glad that these student-athletes were able to experience what it means to take care of your own." Principal Lykisa Coby adds, "I am proud of the Southeast Trojans football team for giving back to their community and taking the opportunity to enhance their skills through communication, teamwork, and time management."

"Charting the course and changing the narrative. This is what we are about, Southeast Trojans. We want to build our community for years to come. We love our community, and we want to win a state championship for our community. Just giving back what the community gives to us: "LOVE," said Coach Antoine Alston.

Trayvsee Silver, Quarterback for SCPA, states, "It was a great event to be able to show the community how much it means to us and that we want to change the narrative around here. Seeing my teammates and the Trojan Family working to give back to our community meant a lot. I even ran into a former player that played for Southeast, and he told me that he loves to see what we are doing for our community. With that being said, I loved this event and wish many more to come, but this is only the beginning."

Chris Moody, Executive Director of CADA, states, "Thank you to all volunteers from fraternities, sororities, local school system staff, community leaders, government officials, and the Southeast Collegiate Prep Academy football team. I want to shout out Southeast's football team's effort during the event. Those young men had a major impact on the success of the event. Thank you to everyone for making this a successful event. On behalf of the citizens of CADA's service area, thank you for your service and commitment to positively impacting your community". Sponsors included: the North Carolina Community Action Association, Samaritans Feet, and the Office of Economic Opportunity.
