

## FOR IMMEDIATE RELEASE

Halifax County, NC – June 29, 2022

*William R. Davie Receives Grant for Band Instruments*

### William R. Davie Receives Grant for Band Instruments

William R. Davie Middle STEM Academy was chosen as the recipient of a \$26,000 grant, courtesy of the Gloria & Arthur Konig Foundation. The Gloria & Arthur Konig Foundation is a private charitable organization promoting and sustaining music in schools. The William R. Davie Middle STEM Academy band department can purchase new instruments, equipment, and additional band resources with the funds.

Dawn Hildreth, Executive Director states, “We are a private charitable foundation named for my parents. Our main purpose is to promote and sustain music for students in the schools. Our donations are based on need and availability. We primarily work with the music directors and their suppliers to achieve the

most "bang for our buck.” Our donations are restricted for this purpose, and all are to be loaned to/used by the students free of charge. I'm sure my parents would be very pleased with our progress in Eastern North Carolina and now in the Midwest.”

Superintendent Dr. Cunningham states, “Halifax County Schools are grateful for the contribution made by Mrs. Hildreth. Playing a quality instrument contributes to personal satisfaction, dedication, and continued participation in music.” Dr. LaVonne McClain, Director of Secondary Education, adds, “The opportunities for our students will reach beyond the classroom in the form of potential scholarship awards, preparation for the workforce, and community outreach as we seek to continue to grow our Cultural Arts program.” “I appreciate Mrs. Dawn Hildreth for such an amazing gift to Davie's band program. It will help provide more instruments to the students who've worked incredibly hard this year. Hopefully, this will help the program receive more exposure and performance opportunities outside the school,” said Josh Garner, Band Director.
