## Course Description/Content:

This course allows for students to hone their skills and strive for improved learning. From this course, students will understand the concepts; develop skills to successfully transition into higher classes by following the pace and expectations required; and enhance their problem solving skills and critical inquiry. This course is an interactive discipline whose mastery is built on practice. In addition, students will gain skills to allow them to succeed in the 21<sup>st</sup> century.

The school will provide most instructional material. Students will need to have two PAPER 3-prong folders, paper, a composition (note)book, glue/clear tape, writing and coloring utensils, (dry erase marker, gallon ziplock bag, sanitizer, tissue). School chromebook fee = \$40, again.

## Make Up / Late Work:

It is your responsibility to get and return makeup work. All late work and missed appointments will be penalized. For make-up tests and quizzes, you must make an appointment with me.
