

## Superintendent's Message 5/10/2020

Good evening Parents, Guardians, Students, and Staff. You know who it is! I hope that you all are healthy and happy. To all of the mothers, Happy Mother's Day! I hope that today was a Great day full of joy and love. You deserve it!

This week we celebrated Teacher/Staff Appreciation Week and we will continue to honor them throughout the month of May. I want to personally thank each and every teacher and staff member for always supporting our students, families, and communities especially during these difficult times. You all have maintained a positive attitude during this stressful time and for that I am grateful.

I want to also thank the Halifax County Board of Education. They provide a vital service in our community **BECAUSE THEY CARE**. I want to thank them for their contributions to the school division and for always supporting me and my efforts.

**AS AN UPDATE:** Online learning will continue for the remainder of the academic year. Continue to reach out to your child's principal

or teacher if you have questions or concerns.

Parents of Seniors, we had a very productive virtual meeting with the seniors last week. We are working with the students, high school principals and staff to finalize graduation plans for the Class of 2020! We will keep you informed as decisions are made.

I know all of you have many questions and concerns about the impact of school closures for the remainder of the year, and perhaps the start of next year. I assure you that the best interest of your child and my staff is at the heart of our decision making. We will continue to keep you updated and provide support the best we can as I realize the pressure and anxiety that has been placed on your families. This is a unique time that we have **NEVER** experienced before but we will get through This **TOGETHER**.

We must continue to maintain our faith for **FAITH** is the light that will guide us through this darkness.

Stay safe and may we remain Halifax Strong!

Have a good Evening!
