

04-19-2020

Good Evening Students, Parents and Guardians. This is your superintendent, Dr. Eric Cunningham. Put your five fingers up when you hear Doc C! How's everybody doing? I hope you had an opportunity to really take some time for yourself and your families during the spring break to have some FUN and to ENJOY each other, in spite of.

The last few weeks have been different for **ALL OF US** as the coronavirus has spread across our country and now here in North Carolina. The change and uncertainty has impacted everyone. In this time, I have witnessed the resilient spirit of our students, parents, staff and community. We are unified by a resounding commitment to **NOT** be broken by this virus; rather, we have chosen to be stronger TOGETHER.

I hope Spring Break has given many of you and my staff an opportunity to RECHARGE. With that said, schools will remain closed until May 15<sup>th</sup> but our offices will be re-open tomorrow, Monday, April 20<sup>th</sup> for STAFF ONLY, following CDC guidelines. At this time, students and teachers will continue with Remote Learning at home. Other staff will continue to follow their approved telework plans. Meal deliveries will also resume on Monday, April 20<sup>th</sup> **BUT REMEMBER** we will continue to deliver meals **ONLY** 2 days a week...Mondays and Wednesdays.

I would like to thank our parents and community partners and staff for their support to make what we've accomplished possible.

Please remember to BE SAFE, STAY INFORMED, and STAY HOME.

Have a great night.

Dr. C
